Profile

Murad is a development professional, having over four years of experience in project management, implementation, report writing, communication and coordination, handling field projects, and administrative issues in Pakistan, Colombia, Ecuador and Mexico. He recently completed volunteer project with Institution Latino Morelia and AIESEC Mexico. He was a UN SDG trainer and he taught United Nation SDGs to the higher students. He is passionate about children's, youth's, women's and minority issues. His focus area is to improve the quality of education for both genders in his village.

Work Experience

Position:	Community Mobilizer
Organization:	Sustainable Development Organization SDO.
Tenure:	January 03, 2016 – Currently Working

Responsibilities:

As a Community Mobilizer I am working with Sustainable Development Organization. Key responsibilities are:

- Conducting result oriented hygiene promotion session with school children by CHAST approach to promote hygiene practice among the children.
- To conduct good working relationship with relevant stakeholder/beneficiaries (teacher, student, PTCs and parents) for smooth implementation of the project.
- Enhance behavioral change of the children and teachers through awareness raising sessions in the targeted school on health and hygiene and wash related issue.
- Mobilizing parents/community to respect child rights and fulfill role as parents.
- Raise school children's and teacher awareness on safe drinking water and latrine use and motivate them to use hygiene latrines and safe drinking water at the low level.
- Coordinated children and youths ability reports with other staff members.

Position:	Children and Youth Support Assistant (Volunteer)
Organization:	The Shekinah Foundation Manta, Ecuador
Tenure:	April 27, 2018 – October09,2018

Responsibilities:

As a Children and Youth Support Assistant I worked with Shekinah Foundation. Key responsibilities were:

- Facilitated children and adolescents during meal times.
- Worked closely with ladies who were giving direct care to the children.
- Supervised children and adolescent in different sports activities.
- Helped children with their homework.
- Mobilized parents/community to respect child rights and fulfill role as parents.
- Awareness raising sessions with children and youths about social security/protection.
- Coordinated children and youths ability reports with other staff members.

Position:	Global Volunteer and English Teacher
Organization:	AIESEC in Colombia
Tenure:	February 14, 2018 – March 30,2018

Responsibilities: As a Global Volunteer, I had participated in the projects “Quality Education” and “Reduce Inequality” which are two of the Sustainable Development Goals. And these were my responsibilities under mentioned title.

- Attended Spanish classes in university.
- Improved the ability and engaged with different communities through interactive ways.
- Taught enhanced communication skills, presentation and public speaking skills.
- Mobilized and sensitized communities on health, family planning, financial literacy etc.
- Taught English to children and youth in concerned area.
- Designed and carried out skills trainings and enabled people to become entrepreneurs.
- Designed and delivered workshops focused on challenges such as financial literacy, income generation etc.
- The volunteers organized public awareness programs.

Position:	Child Protection Facilitator
Organization:	Center of Excellence for Rural Development (CERD)
Tenure:	February 17,2017 – June 28, 2017

Responsibilities: As a Child Protection Facilitator I worked in a child protection project with CERD, funded and supervised by UNICEF. We worked on the following four indicators.

- Actively organizing fruitful social mobilization meeting with community stake holder.
- Managing mobilization session on birth registration with parents.
- Awareness raising session on risk education with children and parents.
- Actively supervising and participating in recreational activities of children.
- Submitting daily, weekly and monthly progress report to the project manager.
